Glades Offers Cattleman \$150 Animal Unit Cost Against Up To \$450 Elsewhere

George Young, Manager of the Glades Cattle Market told Rotarians Friday that "the Glades offers cattleman an animal unit cost of \$150 against other areas in United States of up to \$450, and also affords year-round grass pasturing."

"Your auction market here sold \$3,960,000 worth of cattle last year, and I estimate that our trade area had total sales valued at around twenty million."

"Pen feeding," the Manager continued, "for the past few years has not paid off, but we believe that up to February there will be a very good market for good and choice finished beef here. Commercial grade, which is easily attained on our grasses, seems to be the best money maker."

A marked change in practice in the area was pointed out by the speaker when he said "formerly there were only a few herds in this area to produce pure bred calves, but now practically every cattleman has a breeding herd as part of his normal activity."

Answering his own question as to "What kind do best?" the speaker told his audience that while hereford and angus make up the majority of beef population in the US, it doesn't make much difference here. The herefords are subject to eye trouble and the angus need shade. However, there should be a cross of brahman for their aging ability and resistance to heat."

GEORGE YOUNG, right, had two visitors to listen to his talk at Rotary Friday. Bob Cramer of The Florida Cattle Club, man, center, and Dr. Roy Blair, pasture and forage consultant and former member of the Belle Glade Rotary Club. Dr. Blair is now a resident of West Palm Beach and a member of that Rotary Club.

George Young, Manager of the Glades Cattle Market told Rotarians Friday that "the Glades offers cattleman an animal unit cost of \$150 against other areas in United States of up to \$450, and also affords year-round grass pasturing."

"Your auction market here sold \$3,960,000 worth of cattle last year, and I estimate that our trade area had total sales valued at around twenty million."

"Pen feeding," the Manager continued, "for the past few years has not paid off, but we believe that up to February there will be a very good market for good and choice finished beef here. Commercial grade, which is easily attained on our grasses, seems to be the best money maker."

Experiment Station Group Attend Meet

Dr. W. T. Forster, Dr. Howard Roy, Dr. Herbert Chapman and Mr. and Mrs. R. W. Kidder of the Everglades Experiment Station Staff have returned from a general meeting in Gainesville of individuals associated with the animal husbandry department of the University of Florida. The group of research personnel, specialists, and teaching staff met to discuss their problems and outline work in experiment stations throughout the state.

Panel Discussion On School Bond At PTA Meet Oct. 8

Information of vital importance to the school board will be explained to all freeholders at the regular meeting of the Parent Teacher Association Monday night, Oct. 8 at 8 o'clock at the local high school auditorium.

Henry J. Eawood, legislative chairman of the local PTA will act as moderator and a panel composed of five or possibly six including one school board member, two members of the citizens committee, and two other interested Belle Glade citizens, will discuss the bond issue.

Questions discussed will be:

1—Why do we need a bond issue? 2—How are the needs determined and by whom? 3—What are we going to get for our money? 4—Why is larger amount being spent on colored schools than on white schools here? 5—What will cost be to each individual? 6—What connection does freeholder have? 7—How many percent of voters are necessary to carry bond election? 8—What will cost be, how will it be determined and who pays? 9—Explain procedure for voting at polls election day. 10—Some of the objections to bond issue providing schools are interest cost, long term obligations and etc. Please explain.

The forthcoming bond issue to be settled by eligible freeholders in the election in November will provide approximately \$937,500.00 for school additions in the Belle Glade-South Bay-Lake Harbor area, if it is passed.

Following is cost and additions for the schools in this area: Belle Glade Elementary—8 classrooms, \$62,000; Belle Glade Junior High—10 classrooms, \$110,000.

Guard At Glades Prison Farm Dies

Fred E. Plascok, 50, guard at the Glades State Prison Farm was found dead in his room Tuesday morning. According to Dr. Theodore W. Hahn, called in to make examination, death resulted from a heart attack. Justice of the Peace Joe Cherry also investigated.

Plascok, guard on duty Monday and was feeling fine. C. M. Greene, superintendent stated. A native of Birmingham, Ala., Plascok returned to the Prison Farm last November to work as guard, having been previously employed there.

Known survivors are one son, residing in Calif. and a daughter, Mrs. Frances M. Rogers, Birmingham, who arrived here Thursday to make arrangements for moving the body to Birmingham. Wetherington Funeral Home has in charge of local arrangements.

MISS KAY RIVES, HEAD MAJORETTE, says "We've got a team that's full of pep." Earl Armstrong (No. 11 on the ground, rear), has already stopped the Lake Worth ball carrier. Chas. Royal (No. 24, center) is being blocked by a Lake Worth player just before he could hit the runner.

Rams Take Trojans Scoring 13 To 0

The highly touted Lake Worth Trojans failed to live up to their early season press notices and were slapped down for the second time in as many weeks, this time by the Golden Rams of Belle Glade who may turn out to be the Cinderella team of the Suncoast Conference.

After the opening kickoff, Lake Worth fumbled the ball on their own 30 yard line and Belle Glade recovered. The Rams penetrated to the 12 but there the drive stalled when Bradcock failed to hit Armstrong who was all alone in the end zone. Lake Worth launched a concerted drive which carried all the way to the Belle Glade 12 before the Trojans ran out of gas. In the second quarter, Leon Burkett narrowly missed going all the way on a punt return when he slipped and fell after getting the clear. The first half ended 0 to 0.

Lake Worth started the second half like a house on fire and drove all the way to the Belle Glade 3. Here the Trojans attempted an illegal forward lateral which set them back to the six yard line. The Rams took over on fourth down at their own one yard marker. Bradcock got Belle Glade out of trouble with a booming punt which was downed on the Trojan 40. Lake Worth fumbled the next kick on their 15 and Bradman recovered for Belle Glade. An unnecessary roughness penalty put the ball on the one yard line from which Bradcock sneaked over on the next play. Burkett got the extra point with a slice off right tackle.

In the fourth period Billy Abel pounced on another Lake Worth fumble on the Trojan 10. Burkett and Bradcock collaborated on pushing the ball to the 2 yard line and Bradcock sneaked over for the second TD. Lake Worth tried desperately to get back into the game.

Local Scientist Honored By Award

Emil Wolf, Assistant Horticulturist at the Everglades Experiment Station was awarded a plaque and a cash award of \$250 in recognition of his outstanding research incidental to the release of the Seminole bean by the Florida Fruit & Vegetable Association at its annual meeting last week in Miami Beach.

The "Seminole" has given excellent performance in resistance to disease and yielding capacity not only in Florida but also in other bean producing areas, according to the inscription on the plaque.

Another Florida man receiving award is Dr. C. D. Ruchlin of the sub-tropical station at Homestead for his work in sub-tropical fruits and for development of a wilt resistant Homestead tomato.

Courthouse Site Offered City By Benevolent Assn.

The Belle Glade Benevolent Association has offered the City a tract of land approximately 100 feet on northwest A & B and approximately 277 feet deep as a site for the proposed county courthouse.

If accepted the City must agree to pave southwest Avenue "B" between 14th and 16th and Fourteenth street between Avenue A and B.

It is provided that the City will deed property to the County without charge.

The County Commission sometime ago agreed to ask the University of Florida to determine by survey the proper location of the courthouse to serve the Glades area.

"Increased Volume And Earlier" Is Outlook For Glades Fall Season

"Predictions on the fall crops in the Glades is a very tricky business," one grower stated, "there are so many considerations—dependence on verbal reports of farmers, the hurricane season and the possibility of rain—these must be taken into consideration."

However, a run-down of the information that is floating around indicates "increased volume and earlier" seems to be the general prediction.

In celery two major producers are not in the market this year, but a new one has come into the picture, and the others will possibly make up the 1,000 acres eliminated by the Stein and Niblack farms. So celery appears to be about on a par with last year, and there will be earlier celery than usual.

Potatoes may be checked by the number of cars of seed brought into the area. Last year there were 48 cars of seed; this year there are 88 cars in the ground, or being ready. An average of 30 acres to the car gives an idea of about 75% increase in potential.

In cabbage, we have considerable acreage in fields already transplanted, and we will have early cabbage if weather permits. There is an indication of plenty of cabbage for the second crop.

Sweet corn goes along with the general trend—more and earlier. There'll be sweet corn in the Glades before it starts growing in northern areas, and plants call for a continuous yield. "There is a danger of too much of the early corn, for the early market may be easily glutted."

The radish market is primed to take more radishes than in previous years due to the method of offering them to the housewife—packed in cellophane bags, and indications are that the Glades farmers will make them available. The W. R. Wilson Farms are entering the radish market substantially this year.

When asked about leaf crops one distributor said, "Well, you know there's always plenty of leafy vegetables. They can be packed in short notice, and it's hard to determine what the next week will bring."

A report is current that several hundred acres of peppers are being grown around the Lake.

Altogether, it seems "more and better, we hope, vegetables."

Registration In Belle Glade Closes At 5 O'clock Tonight

Today, October 5th, is your last chance to register in Belle Glade at the Chamber of Commerce office, which will be open today until 5 o'clock.

Registration will be open at the office of Supervisor of Registration at the Court House, in West Palm Beach through noon, Sunday (tomorrow).

Be sure to register so that you can vote in the November 6th election.

Rams Gunning For Third Win tonight

By Jack McSkall

Gunning for their third straight win, the Belle Glade Rams will travel to Ft. Lauderdale Friday night to take on Catholic Central. Catholic Central was scouted in their game with Hialeah and reports indicate that they have a much better team than the score showed.

Central gave Hialeah the beat on fumbles twice inside their 20 yard line and fumbled away several scoring opportunities of their own. Central also expected to have a potentially fine line lead by tackle Bill Stroud, a 185 pounder, this making a bid as a top lineman in South Florida. Central is said to be well coached but lacks reserve strength.

The Rams 13 to 0 win over Lake Worth last Friday night have cost them the services of (Continued on page Eight)

House Discusses School Bond Issue With P.T.A.

Herman L. Close, a member of the County Advisory Committee talked to the South Bay P.T.A. Tuesday night about the bond issue on which freeholders are asked to vote on November 6th.

Mr. Close pointed out that your tax structure does not provide money for construction of classroom and other permanent facilities. At present the County School Board has used all available sources to secure this money, and the only way left to maintain the minimum school standards is a bond issue.

An out of state Department of Education team surveyed the county school system and outlined the minimum requirements for five years. The addition tax for this will be three mills.

Registration books will be open until October 6th, 1956 and everyone eligible is urged to register and to vote.

Mr. Close pointed out that we usually buy a home, secure a mortgage and pay for the home while living in it. "Why, then, at 9 o'clock with money borrowed money on a mortgage (bonds) for building better schools and pay for them while our children are receiving the benefit?"

FRIDAY (TODAY) IS YOUR LAST CHANCE TO REGISTER

Health Dept. under whose operation the center will be operated, Dr. C. L. Brumback, of the PBC Health Center, will introduce the clinic. Officials of that department are expected to tell the way of service through usage of the center.

This occasion marks another milestone in modernization of county facilities in the Glades Section of the county under the present board of county commissioners.

"Pen feeding," the Manager continued, "for the past few years has not paid off, but we believe that up to February there will be a very good market for good and choice finished beef here. Commercial grade, which is easily attained on our grasses, seems to be the best money maker."

A marked change in practice in the area was pointed out by the speaker when he said "formerly there were only a few herds in this area to produce pure bred calves, but now practically every cattleman has a breeding herd as part of his normal activity."

Answering his own question as to "What kind do best?" the speaker told his audience that while hereford and angus make up the majority of beef population in the US, it doesn't make much difference here. The herefords are subject to eye trouble and the angus need shade. However, there should be a cross of brahman for their aging ability and resistance to heat."

Article in Reader's Digest Reveals 'Jittery Pre-Menstrual Tension' Is So Often a Needless Misery!

Do you suffer from nervous tension—feel jittery, irritable, depressed—just before your period comes? You're not alone. Millions of women are afflicted with this "pre-menstrual tension" (P.M.T.) which is a real nuisance. It's a condition that's been around for centuries, but it's only in the last few years that it's been recognized as a real medical problem. It's not just a "hormone" thing, it's a real condition that can be treated. It's a condition that's been around for centuries, but it's only in the last few years that it's been recognized as a real medical problem. It's not just a "hormone" thing, it's a real condition that can be treated. It's a condition that's been around for centuries, but it's only in the last few years that it's been recognized as a real medical problem. It's not just a "hormone" thing, it's a real condition that can be treated.

Site For North Belle Glade Mission Is Purchased By First Baptist Church

HOSCOE BRADDOCK, (seated) hands deed for mission site to Walter Schlechter (l-r), chairman of trustees and chairman of steering committee for mission and on the right takes the check from H. B. McCall, treasurer, while Rev. U. W. Malcolm, pastor, (2nd-l) and Claude Jones attorney look on. Mr. Bradcock is transacting the sale for his mother. The mission site is located on N.W. Ave. 14, the corner lot West of Pool's store and across from the entrance to Osceola Camp. Working plans for the mission will be presented to the church for approval. Others on the steering committee are Dr. W. T. Forsee, Jr., Mrs. J. H. Chambliss, Roy Litchfield, Mills Byrom and S. M. McAllister. They will remain on the committee until mission is completed.

The Cries Of The Oppressed Sound Loud

By RUTH GRIGGS

"Most of the people of the world are poor; Most of the people of the world are ill-fed; Most of the people of the world are sick-like expectancy thirty years."

The cries of the oppressed sound loud in the ears of God, But America hears them less— America, so busy arming, So preoccupied with getting TV spies on every house, So rushed about earning two salaries per family for the two family cars, the newest in automatic washers and dryers, the new deep freezes and colorful refrigerators.

Our tables are laden with expensive, fancy foods, More proteins, fewer grain products, While most stomachs in the world ache with emptiness. We eat enough candy, Smoke enough cigarettes, Drink enough soft drinks, Consume enough liquor To feed millions on rice or oatmeal!

But what a drop compared with our national living costs, our military costs, our wastes! When will we as a people say, "We have enough. We will stay our gain of luxuries until the rest of God's people have the necessities. We will give our luxury money to the United Nations for the economic development of other countries."

America cannot forever ride the crest of plenty in a sea of want. The issue in our revolutionary world in its sharpest focus is Humanity versus new clothes, expensive food, Humanity versus new cars, Humanity versus bigger homes.

Shall we give in loving concern, Or pay fighting to protect our right to privilege?

The cries of the oppressed sound loud in the ears of God, But America hears them less. Does Christian America hear?

Do it? Leonard Kenworthy, Primer of World Politics

WCS Members Attend Methodist Seminar

Nineteen members of the Women's Society of Christian Service of the Community Methodist Church, attended the fall educational seminar of the West Palm Beach District at the First Methodist Church in Fort Lauderdale on Thursday.

Mrs. H. E. Garrett, Secretary of mission education, presided. The Rev. W. G. Sherman, district secretary of commission on missions, spoke on High Hours in Methodism. Four study books were reviewed and enacted in brief skits. They were "Paul's Letters to the Local Churches," "Youth in a Responsible Society," "A Christian Concern," "Mission USA," and "The Church in Southeast Asia."

WMU Circle Named For Jane Evans

In memory of the late Mrs. Jane Evans, faithful and active in the First Baptist Church for many years, the new Women's Circle has been named the "Jane Evans Circle."

A group met at the church with Mrs. Marvin Unwin, president of Women's Missionary Union, giving the welcoming address. Mrs. T. E. Hollingsworth, visitor from the Gladys Smith Circle assisted the circle in organizing and gave the devotion.

Mrs. U. W. Malcolm presented the program on the "People of Nigeria" how they live and their customs. She was dressed in a native costume. Mrs. Edwin Rice, chairman, presided. Other officers elected were co-chairman, Mrs. W. J. Grier; secretary, Mrs. Charles Greer; program chairman, Mrs. Robert Mathews; community missions, Mrs. Merton Rashley; mission study, Mrs. Perry Rigdon; Stewardship, Mrs. Cloyd Fessenden; literature, Mrs. C. D. Fessenden; publicity, Mrs. Dalton Harrison; song, Mrs. William Gressinger, Jr.; training school, Mrs. George Rashley; Ministries, Mrs. William Thibaud; Prayer, Mrs. Bunn McCall; contact chairman, Mrs. Cecil Bair.

There were 18 members present. The group will meet the first Tuesday evening of each month.

Ila Darden, Seven members of the Ila Darden Circle met at the home of Mrs. E. D. Humphries, chairman, Tuesday morning.

Mrs. Wallace Lutz, program chairman was in charge of the program, discussing plans for the ensuing year and also reorganization plans.

Gladys Smith, Mrs. Henry O. Earwood was hostess to the Gladys Smith Circle Tuesday evening with 13 members attending.

An elect on of officers was held with Mrs. Jack Little as chairman, and co-chairman Mrs. H. J. Harris. Others were secretary, Mrs. W. H. Geckler; treasurer, Mrs. Howard Lamb.

The organization voted to sponsor the G. A. group for the new year. Mrs. Earwood gave the program speaking on "The outline of What WMU Means and Aims of WMU." The next meeting will be held at the home of Mrs. H. J. Harris.

Hannah Scoggins, The Hannah Scoggins Circle met at the home of Mrs. M. McAllister, with Mrs. Junius Harris chairman, presiding.

Mrs. Barney Collier presented the program on "The Stranger in Our Midst."

Announcement was made of the community mission project for October to contact children not enrolled in Sunday School and urge them to attend. Members voted to sponsor a child of the Baptist Orphanage. Mrs. Edwin Groover was named flower chairman for October.

Any one having flowers available for the church are asked to contact Mrs. Groover. Twelve members were present.

Presbyterians To Observe Communion

In cooperation with evangelical churches throughout the world, the Evangelical Presbyterian Church will observe World Communion Sunday morning, Oct. 7, at 11 a. m.

Christians without a church home are extended a special welcome.

The evening service dan Bible Study of I Corinthians chapter 7 and 8 is at 7:30 p. m. At the Rally Day fellowship lawn supper last Sunday there were 49 present. The devotion was presented by the pastor in cooperation with the Pioneers. Participating in the program were Dr. and Mrs. Howard Ray, Brooks and Eddie Whitlock, Jane and Linda Lutz.

OVERCOMING FAILURE

Sometimes a noble failure serves the world as faithfully as a distinguished success.

— Edward Dowden It is not only our errors which ruin us, but our way of conducting ourselves after committing them.

— Yvette Guilbert Defeat isn't bitter if you don't swallow it.

— Anonymous There is no failure except by man until he admits it.

— Josephus Daniels Experience is victor, never the vanquished, and out of defeat comes the secret of victory.

That tomorrow starts from today and is one day beyond it, robs the future with hope's rainbow hues.

— Mary Baker Eddy Church of Christ Youth Have Outing

The Young People of the Church of Christ and guests were entertained on an outing Tuesday night.

The group of 20 went on a dayride at 8:20 p. m. to the Bar D Ranch where they enjoyed a wicker roast. Chaperones were Harry Matthews, Gordon Nicholas and Bruce Bittling.

"If you leave the church with your love warmed, your faith strengthened, your hope brightened, your sympathies broadened, your devotion deepened and your desires for all things sacred fixed more firmly, — then you may know you have worshipped God."

Mrs. U. W. Malcolm presented the program on the "People of Nigeria" how they live and their customs. She was dressed in a native costume.

Mrs. Edwin Rice, chairman, presided. Other officers elected were co-chairman, Mrs. W. J. Grier; secretary, Mrs. Charles Greer; program chairman, Mrs. Robert Mathews; community missions, Mrs. Merton Rashley; mission study, Mrs. Perry Rigdon; Stewardship, Mrs. Cloyd Fessenden; literature, Mrs. C. D. Fessenden; publicity, Mrs. Dalton Harrison; song, Mrs. William Gressinger, Jr.; training school, Mrs. George Rashley; Ministries, Mrs. William Thibaud; Prayer, Mrs. Bunn McCall; contact chairman, Mrs. Cecil Bair.

There were 18 members present. The group will meet the first Tuesday evening of each month.

Ila Darden, Seven members of the Ila Darden Circle met at the home of Mrs. E. D. Humphries, chairman, Tuesday morning.

Mrs. Wallace Lutz, program chairman was in charge of the program, discussing plans for the ensuing year and also reorganization plans.

Gladys Smith, Mrs. Henry O. Earwood was hostess to the Gladys Smith Circle Tuesday evening with 13 members attending.

An elect on of officers was held with Mrs. Jack Little as chairman, and co-chairman Mrs. H. J. Harris. Others were secretary, Mrs. W. H. Geckler; treasurer, Mrs. Howard Lamb.

The organization voted to sponsor the G. A. group for the new year. Mrs. Earwood gave the program speaking on "The outline of What WMU Means and Aims of WMU." The next meeting will be held at the home of Mrs. H. J. Harris.

Hannah Scoggins, The Hannah Scoggins Circle met at the home of Mrs. M. McAllister, with Mrs. Junius Harris chairman, presiding.

Mrs. Barney Collier presented the program on "The Stranger in Our Midst."

Announcement was made of the community mission project for October to contact children not enrolled in Sunday School and urge them to attend. Members voted to sponsor a child of the Baptist Orphanage. Mrs. Edwin Groover was named flower chairman for October.

Any one having flowers available for the church are asked to contact Mrs. Groover. Twelve members were present.

Ila Darden, Seven members of the Ila Darden Circle met at the home of Mrs. E. D. Humphries, chairman, Tuesday morning.

Mrs. Wallace Lutz, program chairman was in charge of the program, discussing plans for the ensuing year and also reorganization plans.

Mrs. Boree Hostess To Ladies Auxiliary

The Ladies Auxiliary of the First Missionary Baptist Church of Chosen met at the home of Mrs. Edward Boree, Thursday night.

The group studied on Stewardship, talent and money. An election of officers was held replacing several vacancies. Mrs. Ruth Cox was elected president, Mrs. Judson Pen-

nington vice-president; Mrs. Lassiter, teacher; Mrs. Lena Scurlow, tract distributor.

top protection against
BACTERIAL SPOT with
ORTHO Streptomycin

With ORTHO Streptomycin, you can slash bacterial spot damage to your crops. You boost yields, improve quality and reduce culls by eliminating bacterial spot. This new antibiotic spray provides unmatched control for this costly disease.

Here are five tested reasons why it will pay you to use ORTHO Streptomycin:

1. ORTHO Streptomycin contains only streptomycin — the one effective antibiotic for bacterial spot.

2. ORTHO Streptomycin sprays are quickly absorbed by leaf tissues — kill disease germs without damaging plant cells.

3. ORTHO Streptomycin will not clog or corrode sprayers and leaves no residue on crops.

Decide now to boost your profits with economical ORTHO Streptomycin. Extensive commercial tests have proved bigger and better crops are in store for ORTHO Streptomycin users. Come in today and get your supply. Available in bottles of 8 ounces and in 35-pound drums.

*ORTHO Streptomycin is a formulation of Borden's cephalosporins.

It's Bonanza time at Buick Dealers!

It's a Great Time to Strike a Bargain
(You get a triple Bonanza in today's Buick)

Bonanza Trade-in Allowance
—because your present car is at its peak value right now. And because—with Buick so solidly set as America's No. 3 Best Seller—our biggest sales volume permits us to make you an even better trade-in allowance.

Bonanza Buy
Buick prices start right next to those of the smaller cars. But those Buick dollars buy you a whole lot more automobile—more room, more power, more styling freshness—more more power, more solidity of structure—the ride stability, more solidity of structure—the Best Buick Yet.

Bonanza Resale
A Buick always resells high. But the '56 Buick will bring you even more money when you trade it because it carries today's new Variable Pitch Dynaflow.* It's the most advanced transmission yet developed—and the only one that breaks with the past to bring you the switch-pitch performance and gas savings of the modern plane's variable pitch propellers.

With Buick booming up in the No. 3 sales spot, we're set to rate your car at its peak trade-in worth right now.

With only two smaller cars out-selling Buick—you can be sure we know how to make you happy on price.

So it adds up, doesn't it, that you can really strike a bonanza and a bargain by coming in now? Especially when you see how much more smart dollars can buy here....

—The fun of Buick's brilliant Variable Pitch Dynaflow* with its thrilling switch-pitch action.

—The might of Buick's big V8 engine—322 cubic inches with record horsepower and compression ratios.

—And the luxury of Buick's ride—a ride that knows no equal for buoyant levelness, torque tube steadiness and sweet handling.

Why don't you come in today?

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick build today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

P.S. We have some especially good buys right now on the high-powered CENTURY and the extra-spacious SUPER. Better see 'em real soon!

It's a great time to buy a Buick

AIR CONDITIONING at a COOL NEW LOW PRICE. It cools, dehumidifies, Get 4-season Comfort in your new Buick with genuine FRIGIDAIRE CONDITIONING.

NEGRO NEWS

Former Belle Glade Negro Dies Wednesday

Word has been received here of the death of Lee Pickett, 31 year old negro formerly of Belle Glade, who died of a heart attack last Wednesday in Fort Lauderdale.

Pickett had lived in Belle Glade until about 2 1/2 years ago. According to his stepson, Robert Buford, employed by Herring & Hudspeth Ice Co., he had lived in Belle Glade since 1937 and had worked at the Everglades Experiment Station. Many will remember him as driver for the Deep Rock Water Company for 4 or 5 years.

McGee Indicted For Fatal Stabbing Of Negro Woman June 16

Sidney McGee, Belle Glade negro, who has been held in the Palm Beach County jail, without bail, for murder in the first degree of Margaret Givens on June 16 was among four capital crime cases presented by State Atty. Philip O'Connell to the full grand jury, and was indicted by Circuit Court Judge R. O. Morrow, on Wednesday after hearing testimony of witnesses.

McGee, said to have been living with the Givens woman at his common law wife for about eight years until 4 weeks before the killing, stabbed the woman 26 times, practically cutting her into pieces on the front porch of her home on 513 S. W. 5th St., at 2:45 Saturday night, June 16. The slaying sprang from a quarrel over money matters. McGee gave himself up to local police said that he had done what he wanted to do.

Beta Sigmas Plan To Enter Contests

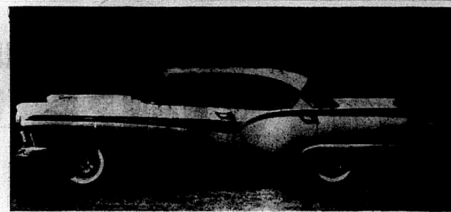

The program for the entire year presented by the publicity committee was adopted by the Beta Sigma Phi Sorority at their regular meeting Thursday night at the home of Mrs. Louis Kirchman.

Included in the program will be entering the National Publicity Contest for March, April and May and sponsoring an entry in the annual Valentine Sweetheart Contest.

Mrs. Sam Lovell presented the report of the budget committee, which was adopted by the group after a minor change. The new program books were presented members by Mrs. Ted Roman and announcement was made that the Ritual of Jewels degree would be conferred on three candidates at the next meeting, Oct. 11. A proposed amendment to the by-laws on non-payment of dues was presented and will be acted on at the last meeting in October.

"Your Day Socially" was the program topic presented. Mrs. Glenn Abing gave a brief history of the social arts and the art of being a perfect hostess. Mrs. Louis Kirchman presented a perfect place setting for both formal and informal dinners. A question and answer period followed.

Hostesses for the meeting were Mrs. John Munroe and Mrs. John Abbott. Others present were Mrs. Frank Anderson, Mrs. C. E. Godwin, Mrs. Charles Burkett, Mrs. Grant Averill, Mrs. J. E. Jones, Mrs. Rosa Nash, Mrs. Robert Mathews, Mrs. Thomas Chapell, Mrs. Loretta Connell, Mrs. Rodney Connell, Mrs. A. F. Hopson, Mrs. Clyde Clayton, Mrs. Neil DePamphilis, Mrs. Carpenter and Mrs. Thomas P. Baker.

From the road up, 1957 Fords are a complete departure from previous models. They will be unveiled by Ford dealers in 19 body styles, of which this is the four door Victoria, a member of the new "Fairlane 500" series. Fairlane models are also inches longer and four inches lower than their 1956 counterparts. Though the new models are lower, interior headroom is as great as last year, since the car's chassis and floor are re-designed for a lower center of gravity.

Area Garden Club Members At Meet

Attending the District 10 annual meeting of the Florida Federation of Garden Clubs in Boynton Beach today are members from the three clubs in this area.

Mrs. Herbert Beck, president, Mrs. Irvin Zumpf and Mrs. Ivan Van Horn will represent the Belle Glade Garden Club. Mrs. Beulah Stone, president and Mrs. Luther Jones of the Belle Glade Garden Study Club and Mrs. P. C. Kirchman, president, Mrs. Walter D. Roth and Mrs. Shelly Connell from the Chosen Garden Club.

To My Friends

Who voted for me in Tuesday's Election,

a sincere

Thank You

R. B. 'Burnon' WOODHAM

Junior Chamber Plans Boat-A-Cade Barbecue

The Belle Glade Junior Chamber of Commerce will cooperate with the Chamber of Commerce in the entertainment of the forthcoming Boat-A-Cade which will end its tour at the Belle Glade Port, on Oct. 19. Members of the Jay-C-Bites will have charge of ticket selling to local people for the barbecue and tickets will be on sale at the Dianna, Glades Drug, Sullivan's Pharmacy and the Post Office.

The Jaycees have agreed to handle the barbecue and in order to know how much to prepare all tickets for the barbecue must be purchased ahead of time as no tickets will be sold at the barbecue.

The menu will include barbecue pork, cole slaw, corn on the cob and drinks. Catfish will be served for those who do not eat meat on Friday. The cost will be \$1.50 per plate.

The committee for the barbecue consists of John Kinlaw, chairman, Vic Zawadzki, Barney Smith and Dr. Robert Golden.

I deeply appreciate your
continued confidence expressed

by your vote for me in

Tuesday's Election

Frank W. Kelley
